

Taking part in a Circus of Sound Cabaret ONLINE!

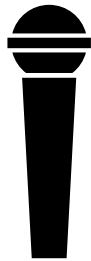

January 2021 Update

Because of COVID, we are still not able to meet together for live events so we are making Circus of Sound Cabaret events happen online instead.

WE ARE LOOKING FOR PERFORMERS TO JOIN OUR CABARET!

We would love to see you singing a song, playing a musical instrument, dancing, telling jokes, doing a puppet show, reading a poem, doing magic tricks, juggling.....everyone is welcome and we will fit in as many different performances as we can.

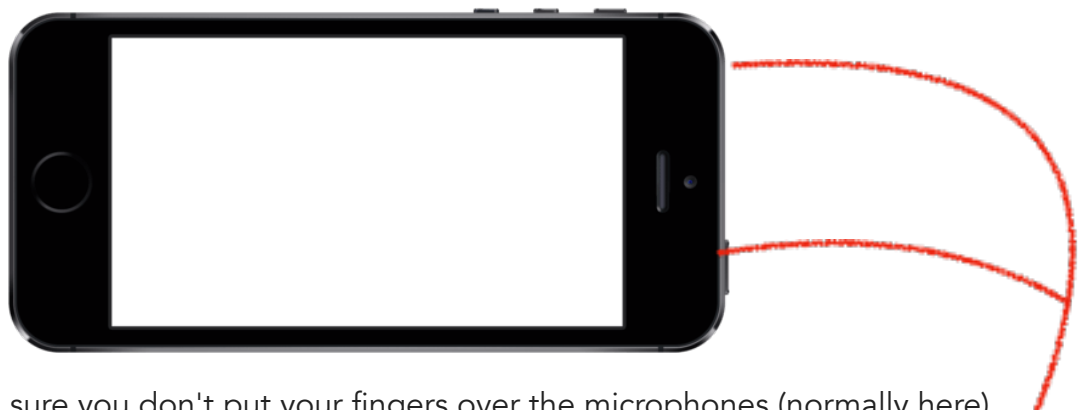

If you would like to perform at a cabaret event, you need to make a film of your performance and send it to us.

Here are our tips to help you:

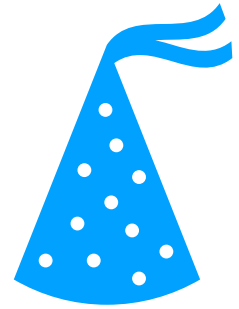

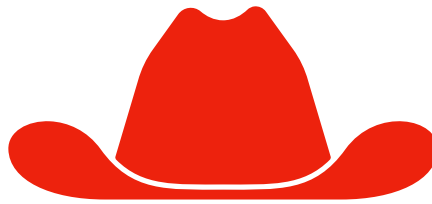

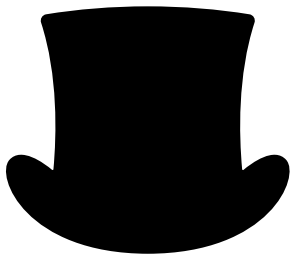

1. You can film yourself on a mobile phone and it's best if you can film in landscape. That means, the screen needs to be this way round:

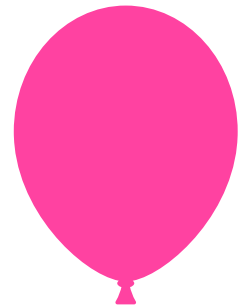

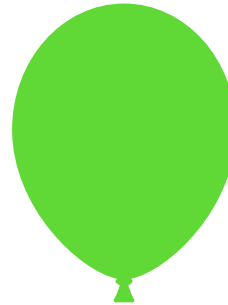

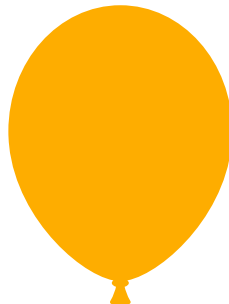

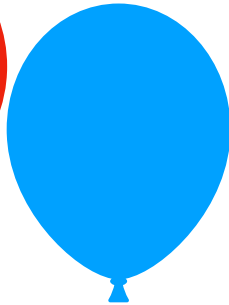

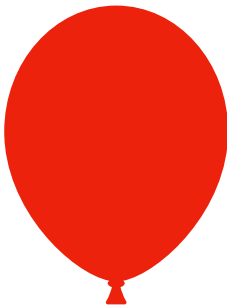

2. Try to make sure you don't put your fingers over the microphones (normally here)

3. Please do a rehearsal recording first and then check it just to make sure that everything is working properly and you can be seen and heard.

4. It is a great idea to wear a special outfit for your performance. Try to think about what you would wear if you were performing live!

5. We love it if you can decorate your performance space too if you can - make it look special with lights, plants, some of your favourite things, balloons - ANYTHING!

6. When you are happy with your film, please send it to us via julia@cultureshift.org.uk.

If you have any questions about this, just let Julia know and we will try to help you,.
